## CFA<sup>®</sup> Course Lecturers

All our lecturers are highly qualified and existing CFA Charter Holders, committed to help you achieve success in the CFA examination. Bilingual in English and Thai, they are practitioners in the investment & finance industry bringing with them not only solid technical and industry knowledge, but will also share with you useful tips on how to more effectively manage your career while pursuing your CFA program with outstanding results.

### PISIT JEUNGPRADITPHAN, CFA

Pisit was educated in Singapore for eight years, then returned to Thailand where he graduated Summa Cum Laude from Assumption University in BBA degree (double majors in Finance & Banking and General Management). He passed the Chartered Financial Analyst (CFA) program in 2000-2002 and is currently a CFA Charter Holder, a member of CFA Institute and the Thai Society of Investment Professionals. Pisit speaks English, Thai and Mandarin fluently.

He is currently an investment banker at Intel Vision Securities PCL. Prior to joining Intel Vision Securities, he worked at AccessCAPITAL and Abacus Equity Partners (Thailand), boutique investment banks specializing in private equity transactions. In addition to his role as financial analyst, he also acted as corporate financial controller, legal consultant and office manager. As an analyst he covered projects in various sectors including: Internet, Technology, Agriculture and Media.

### THANOMSAK SUWANNOI, DBA, CFA

Thanomsak earned his BA in Cost Accounting from Chulalongkorn University and an MBA from Arkansas State University. He was awarded a DBA in Finance from Louisiana Tech University in 1999 and was awarded his CFA charter in 2003.

Dr. Thanomsak is currently an independent consultant in corporate governance for the Thai Institute of Directors. His responsibility is to draft corporate governance reports assessing the listed companies in the Stock Exchange of Thailand. He was a Senior Lecturer in Finance and Head of Finance and Banking program at Asian University of Science and Technology. He is a guest lecturer for the Management of Technology program at SIIT, Thammasat University, and for the Engineering Management program at Burapha University where he also served on the curriculum committee for the Master of Industrial Engineering program. He has also conducted several workshops for government officers and private companies. He is currently a member of the Thailand Society of Investment Professionals and a trainer for the Thailand Securities Institute, a subsidiary of the Stock Exchange of Thailand.

### SUNSANEE SAKULSURARAT, CFA, MSc. (Finance)

Sunsanee graduated with high honors with a BA (Finance & Banking) and MSc. (Finance) from Chulalongkorn University. She was awarded her CFA Charter in 2003.

She is presently the Assistant Vice President and Head of Special Assets Group at Bank of America, Bangkok branch, and reports directly to the Regional Special Assets Manager in Hong Kong. She is responsible for the management of a portfolio of distressed assets across the Asia Pacific region including Thailand, Australia, Indonesia, Singapore, Malaysia and India. Her work in this area includes some of Asia's largest financial re-structuring deals including TPI, Asia Pulp & Paper, Swedish Motors and Samart Corporation. She was a guest lecturer at Kasetsart University's Executive MBA Program and has presented at Bank of America's Special Assets Group Mid-Year Conference in Hong Kong. She was a member of the Singapore Society of Financial Analysts, and is presently a member of the Thai Society of Investment Professionals and the CFA Institute in the United States.

SUPREEYA NICOLA CLOE PIPATMANOMAI, MSc Finance (Distinction), Completed CFA Level 3 (2002)

Supreeya graduated with distinction in MSc. (Finance) from Imperial College London with a scholarship from the Bank of Thailand in 1999, and completed her CFA Level 3 examination in June 2002.

She is presently the Finance Director at Jardine Lloyd Thompson Ltd., Thailand where she consults on financial engineering and restructuring to some of the largest Corporations in Thailand and the Asia Pacific region. Prior to this, she enjoyed an illustrious career in the Bank of Thailand managing the Kingdom's foreign reserves first as an Investment Officer and subsequently as a Quantitative Financial Analyst (Bonds & Foreign Exchange) in the Reserve Management Division. Supreeya is presently lecturing at the Faculty of Commerce & Accountancy (Master in Finance International Program), and Faculty of Economics (B.E. International Program) at Thammasat University. Subjects taught include Fixed Income Securities Investment, Econometrics for Finance, International Financial Markets, Securities Analysis & Derivatives, Financial Institutions Management, International Corporate Finance and Financial Investment. She is also a frequent Guest Lecturer at Bangkok University's Executive MBA program.

ARTIT SERNGADICHAIVIT, CFA, MBA (MIT Sloan)

Artit graduated first place in his class (King Bhumibol Gold Medal) from Thammasat University's BBA International Program in 1996 and was accepted to MIT Sloan School's MBA program on a Bangkok Bank Scholarship, where he graduated top 5% of his class. He was awarded his CFA charter in 2004.

Artit has extensive experience working at multinational financial institutions in both New York and Thailand, playing key roles in Treasury, Credit Risk Management and Consumer Lending. He is presently a Vice President of Bangkok Bank working as an IT enterprise architect. Prior to this, he was at the Office of the President where he was engaged in several projects and represented the Bank in meetings with Foreign Institutional Investors and Investment Bankers. He also holds a directorship at the MIT Alumni Club of Thailand and currently lectures a full course in money and banking at Thammasat University. Artit is also a Co-Founder of MBAPlanner – Thailand's premier MBA Planning Services Provider for Ivy-League MBA Candidates.
